NEW RELATIONSHIP WITH THE ITB PENSION FUNDS

Some good news! Since last year's AGM a cordial and positive relationship has been cemented with the Trustees, the Chairman and the Director of ITB Pension Funds. Resulting in a significant increase in ITBPA membership – about which you will learn more at the AGM. The reason is simple. At that meeting, members were asked to approve a rule change which would allow us once more to gain the support and confidence of Watford. This they did unanimously without one voice of dissension or doubt, bringing to fruition all the hard work by our two Trustees – David Barnett and Horace Parker.

WE NEED A NEW MEMBERSHIP SECRETARY

As you will see from the advertisement below We still need a Membership Secretary. Sheila Reiter and Neill Graham have been handling matters since Pamela Marshall's resignation, but this state of affairs must not become the norm by default. The role of Membership Secretary is a vital communication point between our members and the Association without which we cannot properly function. For further details Please contact Chairman@itbpa.org

THANKS

My thanks to the Executive Committee for another year's hard work and for its resolve in pursuing our goal of a good and working relationship with Watford. With out wishing to be accused of plagiarism all I can say is "Things can only get better".

Chair
ITBPA
